A code hidden in the human genome will reveal the ultimate secret of human existence. And may hold humanity's only hope of survival. Genome is the final book in The Extinction Files, the two-book series that began with Pandemic. It's a race against time—and an exploration into the deepest mysteries of human existence (with a twist at the end you'll never see coming).

She believed the data and samples aboard the submarine would reveal a code buried in the human genome, and a revelation that

would rewrite human history. Many remained skeptical of Lin's claims, and for good reason: until recently, she had been a member of the Citium.
